Book Description

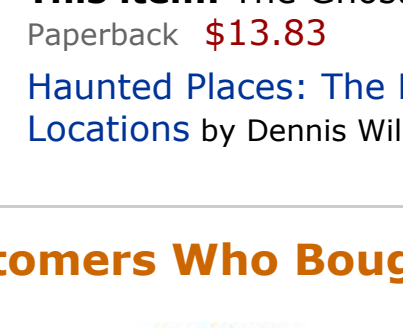

Publication Date: **February 8, 2011**

The Ghost Hunter's Field Guide features over 1,000 haunted places around the country in all fifty states that you can investigate yourself. Experience ghostly activity at battlefields, theaters, saloons, hotels, museums, resorts, parks, and other spooky sites—all of which are completely safe and accessible. From Alabama to Wyoming, you'll find out where to go to glimpse the unquiet spirits of Civil War soldiers, plantation slaves, criminals, and other entities.

This alphabetized reference guide features over 100 photos and, for each location, includes the fascinating tales behind the haunting. Flip to your state to see what kind of paranormal phenomena commonly occur at each site: apparitions, shadow shapes, phantom sounds and scents, residual hauntings, psychokinetic activity, and more.

This book is worth it's weight in gold. Finally a ghost hunters book that is full of helpful information. The locations are all up to date and have the information you need to plan an informed investigation. It tells what the haunting is, the address, and the locations website. Most of these books are full of locations that do not even exist anymore. If you are in a paranormal group this book should be in your gear bag. I will be going on many more trips now that I have this book. Good job!

★★★☆☆ **Summaries of haunted locations across the US** January 20, 2013

By Jake00640
 Format: Kindle Edition | [Amazon Verified Purchase](#)

The book is exactly what the title says. The author succinctly describes haunted locations with summaries. He also includes the addresses and he uses codes (like A for Apparition, C for Cold Spots), so you know what to expect. I like his writing style: He gets to the point and leaves out unnecessary fluff. I think it's a good value for the price on Kindle.

I recommend his book, "Ghost Hunting for Beginners," too.

★★★★★ **Packed full of info** March 11, 2011

By dafadilus
 Format: Paperback

This book has it all!!! It is SO well written. All the places mentioned in the book are places anyone can go and visit on their own. Not only does it give a description of the location, it also lists what sort of activities occur at that place, the address to find it and the website to visit! Whether you are looking for a little weekend adventure or planning your next vacation, all you need to do is open up the book and all the information is right at your fingertips. There are so many locations to choose from too! This is EXACTLY the kind of book I have been looking for, and I'm so glad to have it finally! Don't hesitate on buying it, it's WELL worth every penny you spend!! Excellent job!
